Inleiding

Lees deze handleiding aandachtig alvorens het product te monteren en te gebruiken. De montage kan worden uitgevoerd door niet-professionals. Alleen voor gebruik binnenshuis.

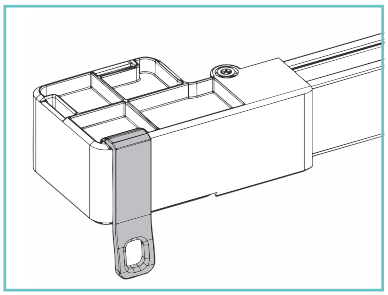

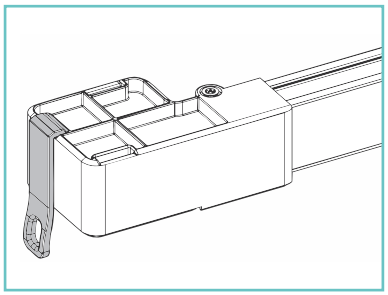

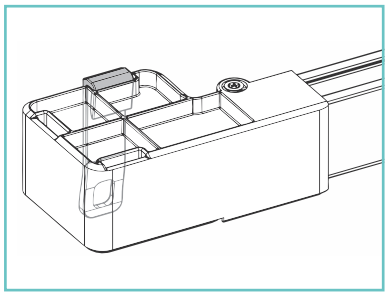

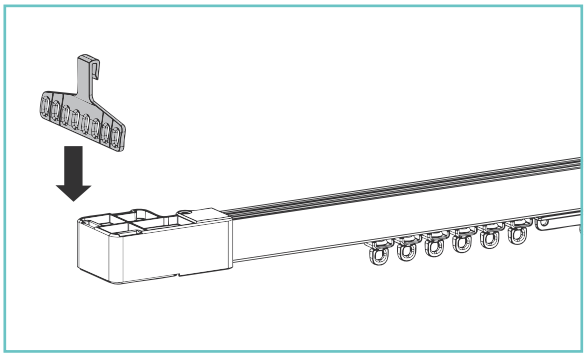

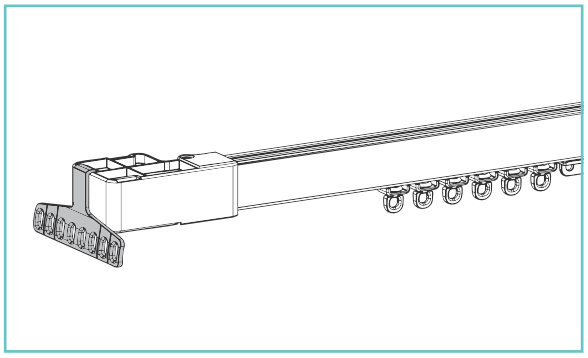

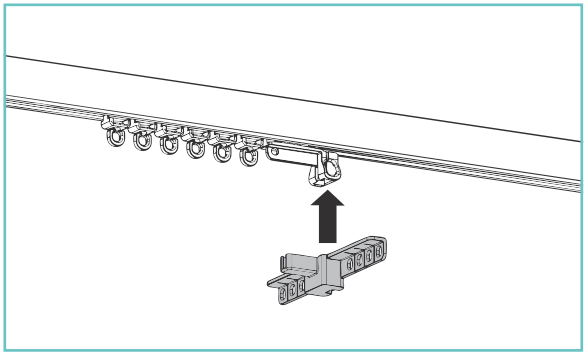

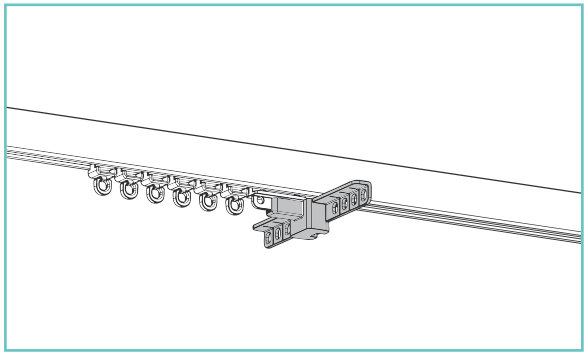

Montage van de motorhaken

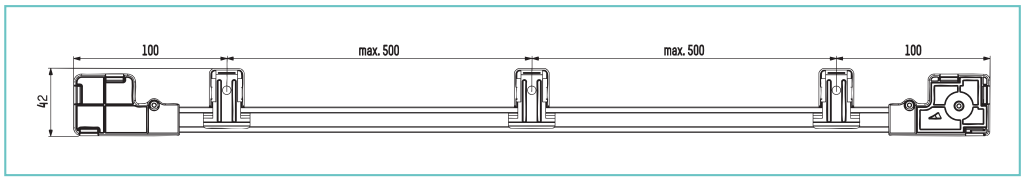

1 Bevestiging van de motorhaak bij standaard confectie, dit is mogelijk op verschilllende plaatsen op de eindkap.

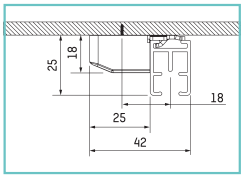

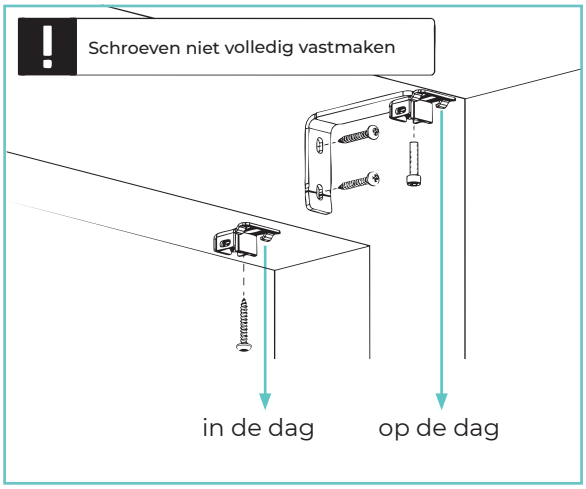

2 Bevestiging van de motorhaak en twist adapter bij twist confectie.

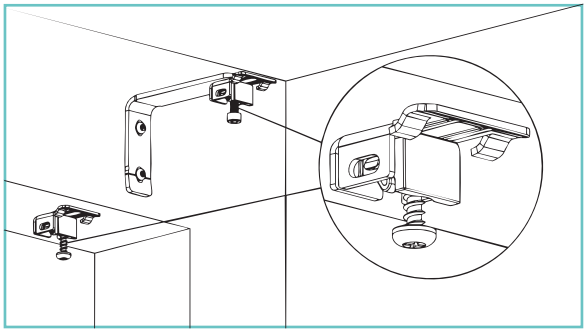

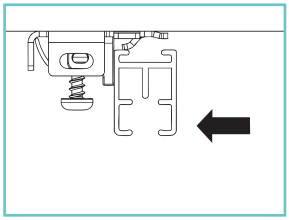

Montage van de steunen

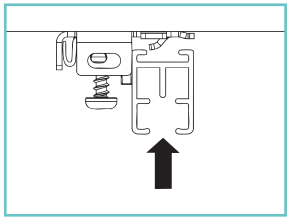

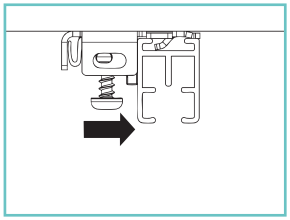

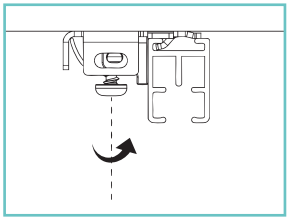

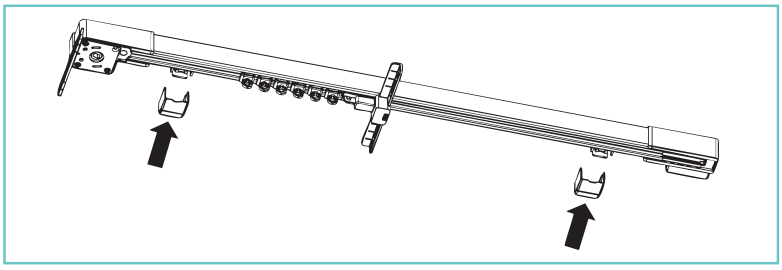

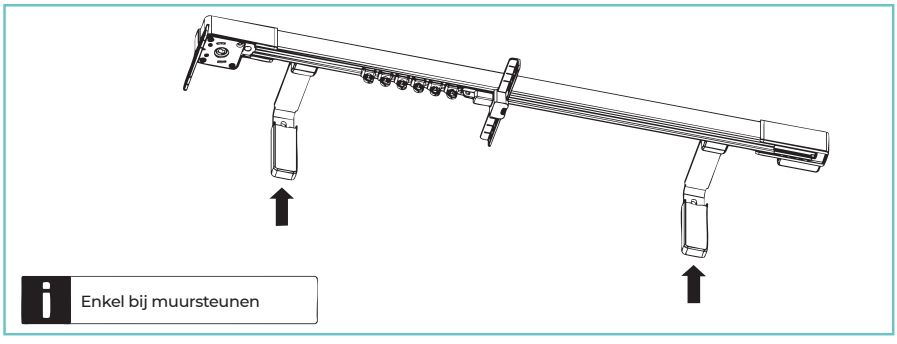

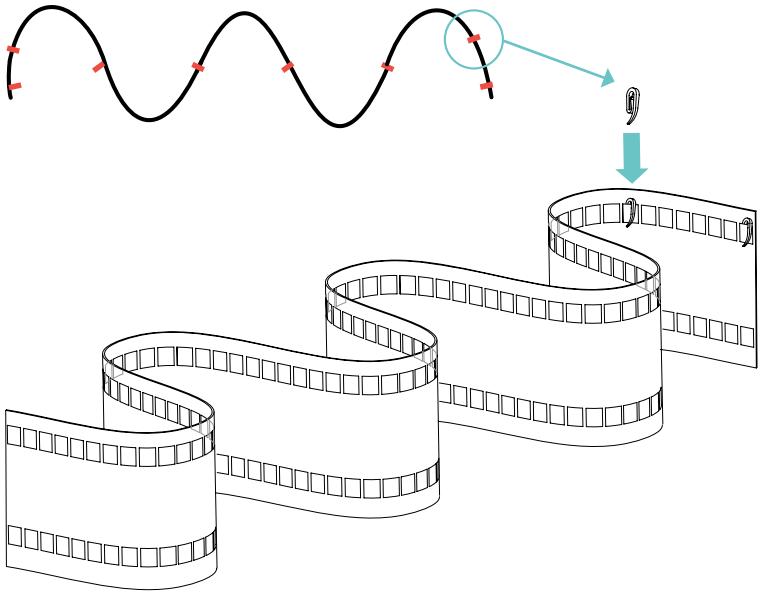

Montage van het Twist gordijn aan de rail

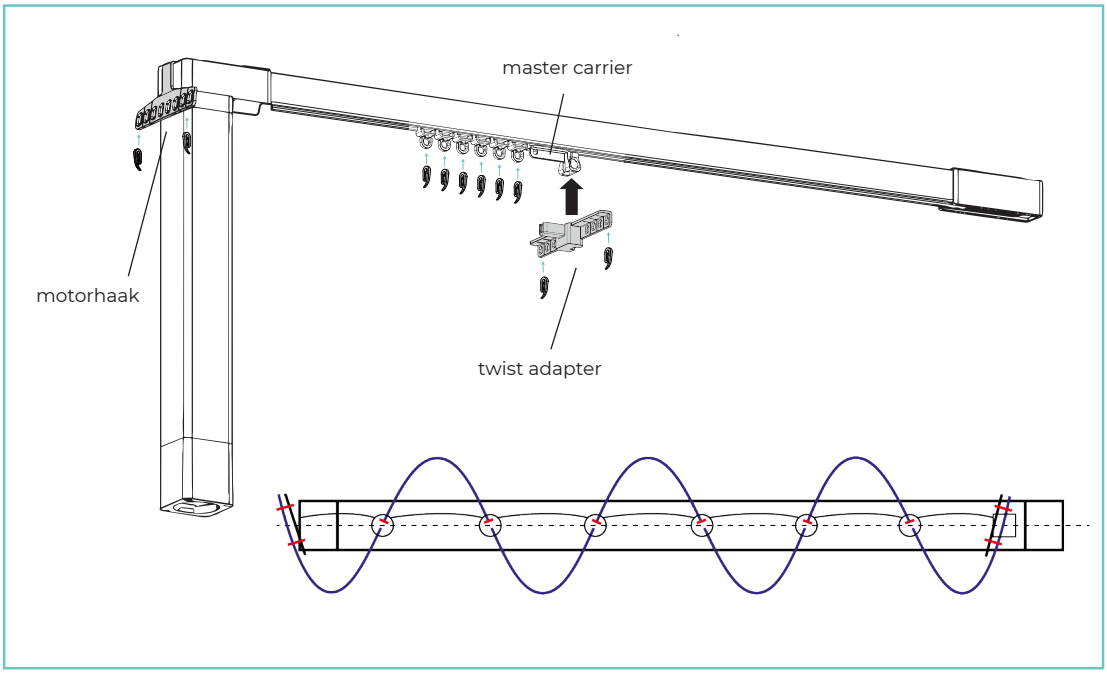

1 Plaats een extra haak op 6 zakjes van de meest uiterste haak.

De extra haak kunt u terugvinden op de rail

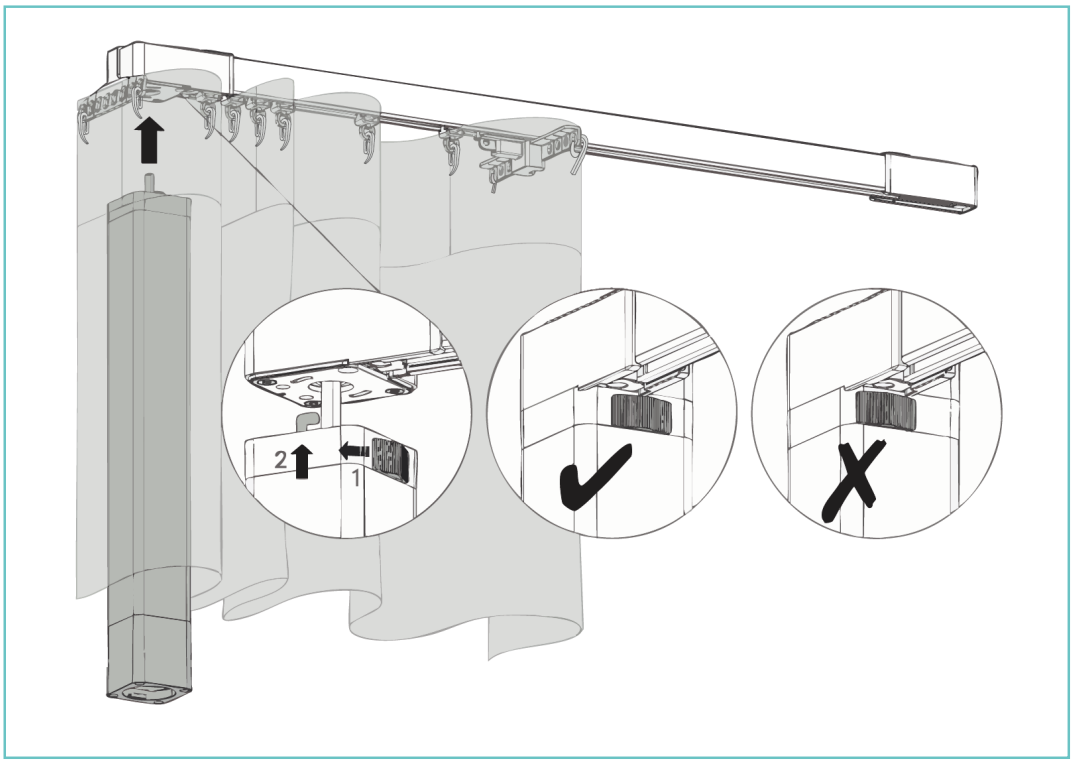

2 De eerste twee haken maak je vast aan de twist adapter op de master carrier.

3 Ga op deze manier alle haken van het gordijn af.
De laatste haken maak je vast aan de de gordijnhouder aan de motor.

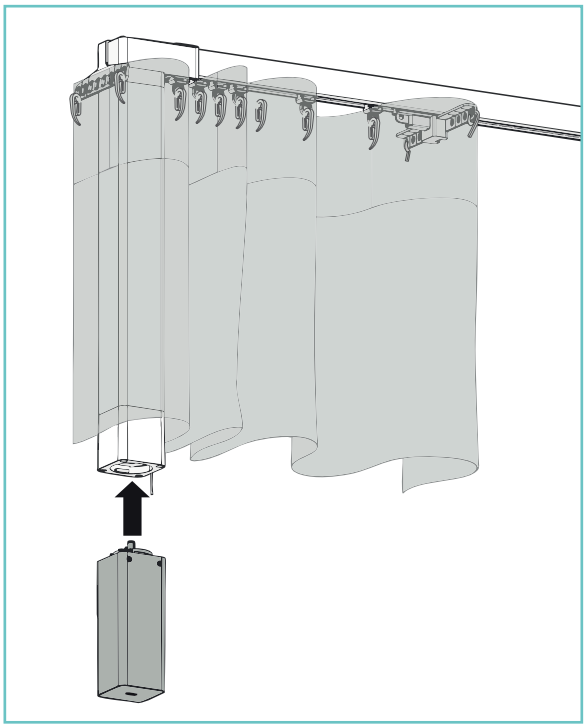

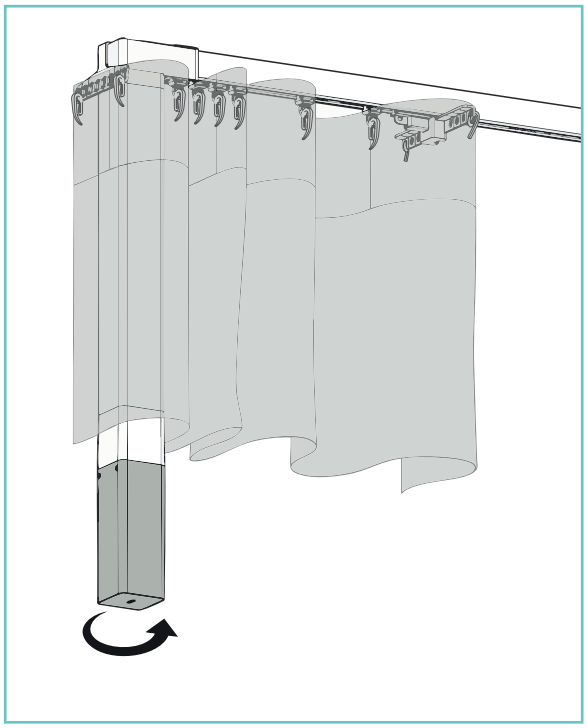

OPGELET bij Twist runners : We versturen u de rail met de runners in open toestand. U mag de rail pas in pakket schuiven eens de rail opgehangen is, anders zou het Twist koord verstrikt kunnen raken in de runners.

Montage van de motor aan de rail

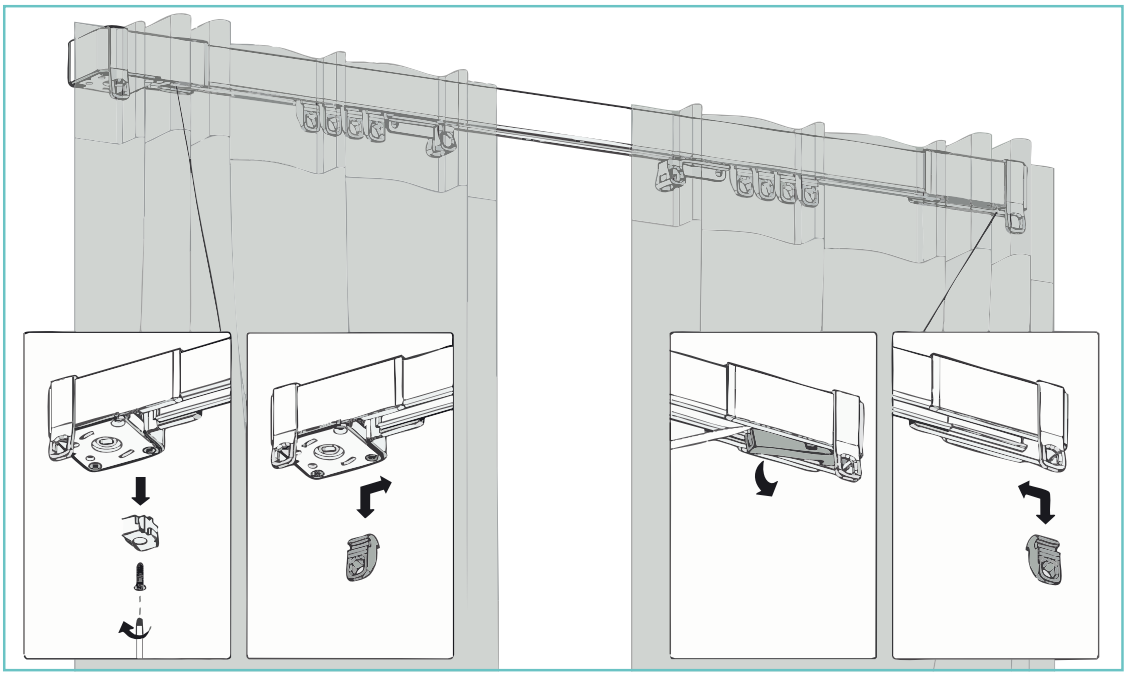

Draai de batterij op de motor
